Soft Skills: Collaboration & Interpersonal Communication, Problem-solving, Adaptabilty

PROJECTS

- **FitSync-Pro**: MERN stack fitness tracking app that utilizes Gemini AI to generate and save workout plans based on user input.
- **Good Picks**: A music-based social media app built using Node.js, MySQL, and Spotify API that allows users to log and rate songs they are currently listening to.
- **Portfolio Site**: A personal site utilizing React and TailwindCSS to showcase my portfolio of programming projects and resume.

WORK EXPERIENCE

Studio Operator, *ESPN*   **Feb 2020 - Present**

- Proficiently operate hard cameras, jib camera, and Jitacam for flagship shows including SportsCenter, NFL Live, and College Football productions.
- Manage communications between the control room, studio, and remote sites using Reidel Director and AZedit, while ensuring seamless mic'ing of talent and swift troubleshooting of technical equipment issues.
- Actively participate in the A2 training committee, mentoring and training new hires.

Communications Assistant, *Jesuit High School*   **Sep 2019 - Jan 2020**

- Elevated Jesuit High School's mission via comprehensive social media management, website updates, and contributions to the school magazine.
- Captured and edited compelling photos and videos for publication, documenting school events and activities.
- Established relationships with media outlets and external stakeholders to bolster Jesuit's visibility and monitored media and social media landscapes.

EDUCATION

Full-stack Bootcamp, *University of Connecticut*   **Jan 2024 - Jul 2024**

- An intensive program focused on gaining technical programming skills through weekly challenges and group projects. Concepts learned include HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.

Bachelor of the Arts in Mass Communication
University of South Florida   **Aug 2013 - May 2015**
